As the C.E.O. of a transportation Company, I am pleased to recommend **Jeff Goldwasser**. I had the opportunity to work closely with him in the coach market as well as the services of my units at Setra of North America.

I never seen anyone so dedicated in the coach market like Jeff, continuously searching for new costumers, and promoting coaches new as well as pre-owned. He has not only the knowledge but also the experience of selling, buying and servicing buses of all brands and sizes.

Jeff is a real inspiration in this complicated market in these hard economic times. I whole-heartedly would without any reservation recommend Jeff to you. I am sure he will be a tremendous asset to you or your company as a broker.
